Speaker Pelosi and Leader McCarthy:

The undersigned organizations, representing America's hunters, anglers, related businesses, wildlife professionals, and other conservationists, write to express their support for H.R. 925, America's Conservation Enhancement Act, and to urge its approval by the House of Representatives as reported by the Senate.

H.R. 925 includes an array of high-priority conservation provisions and its passage by unanimous consent in the Senate on January 9th, 2020, marks a significant step forward in addressing growing challenges to species and habitat health.

Final passage of the America's Conservation Enhancement Act by the House will not only have wide-ranging ecological impacts but will facilitate enhanced wildlife-dependent outdoor recreation by millions of Americans, strengthening conservation funding streams for years to come. We look forward to working with you to bring this important legislation to passage in the coming weeks.

Thank you for your continued commitment to conservation.
